Ann Muthoni Karuku

PERSONAL PROFILE

I am an enthusiastic, stalwart, and upstanding young lady with a good academic background, additionally having a high impetus and incentive towards work. Being yet a student, I am seeking a real-world, hands-on experience to evolve acquired skills further as well as reap others in the process.

SKILLS

- Ability to work with Java and C# to build desktop applications as well as console applications.
- Proficient in database management, mainly in MySQL and MongoDB.
- Building web applications using PHP, HTML, and CSS.
- Possess a flexible approach and a Can-Do attitude.
- Comfortable in using Microsoft packages for data operations such as data extraction and transformation.
- Data Collection and confidentiality skills.
- Problem-solving skills.

EDUCATION

Africa Nazarene University, Ongata Rongai — *B.Sc. Computer Science*

January 2019 - Present

4TH year, Current GPA:3.857

During my studies, I was able to design three websites; one, a static booking website, and the other two dynamic websites where the first was a job search site while the other was an E-Waste collection platform.

Expected graduation year:2023

AIC Naivasha Technical Training Institute, Naivasha

January 2017-March 2017

Certificate in computer software applications: MS Word, MS Excel, MS Access, MS PowerPoint, and MS outlook.

Njoro Girls High school, Njoro

February 2013 - December 2016

Grade B+

AWARDS

I have been awarded two consecutive dean's list awards in Africa Nazarene University for achieving the highest academic honors.

EXPERIENCE

KNBS /Enumerator

August 2019

Collected census data through interviews and ensured timely and accurate data while interacting and building a good rapport with the various households within my local area.

INTERESTS

Travelling, exploring new places, swimming
